– Arthur Blank

Welcome to the Wellness Center at Mountain Sky, a space created to add yet another dimension to your extraordinary ranch experience. We are pleased to offer an array of treatments, classes, and outdoor activities to complement your weekly activities.

A warm shower before your massage, either in your cabin or at the Wellness Center, is recommended to prevent dust and salts from mixing with massage oils. We invite you to arrive 20 minutes prior to your treatment, allowing time to transition into this tranquil space. We will provide a comfy robe to wear while you enjoy a warm neck wrap and cup of tea in the Serenity Room. We welcome you to enjoy a soak in the hot tub or grotto after your treatment and delight in a state of bliss.

Thai Massage can be very healing and helps treat afflictions ranging from minor muscular aches and headaches, to internal organ disharmony and paralysis. Our trained therapist will utilize their hands, elbows, feet, and knees, to work energy channels while stretching the entire body. By delivering this treatment on a floor mat, the practitioner is able to slowly use their body weight and leverage to achieve the deep pressure and yoga-like positions necessary for the therapy. This treatment will help increase flexibility, circulation, vitality, energy levels, and promote a deep state of joy and relaxation.

**As a precaution, please note that Thai Massage does requires some physical agility on the part of the participant as it offers a deeper stretch on the cushioned mat.*
